Russians Keep Up Offensive After Capture Of Kharkov

Soviet Army Now Driving Against Orel

Move To Retake Last Principal Point Of Resistance On 1941 Defense Line

FALL OF KHARKOV IS BLOW TO NAZIS

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, Feb. 17.—The high-spirited Soviet army, flushed with the victory which resulted in recapture of the Ukraine industrial capital of Kharkov, battered its way northwestward today in a drive to retake Orel, last principal point of resistance on the 1941 Nazi defense line.

Front-line dispatches said that the Red army had broken through an important chain of German strongpoints 40 to 50 miles southeast of Orel, 210 miles north of Kharkov. Russian troops, although meeting fierce German resistance steadily overcame all opposition and pounded forward in the direction of Orel at the junction of the Orel and Oka rivers.

Push Nazis Westward
The Soviet high command announced at noon that the victorious forces which drove Hitler's hordes from Kharkov were steadily pursuing remnants of the German army to the west and that sizeable Nazi forces were routed.

Large tank formations were rushed into the battle west of Kharkov by the Germans in a desperate effort to close the gaping breach smashed into the Nazi line by the Russians. Reports from the battlefield said a savage armored engagement was raging west of the city.

LOCAL SOLDIER KILLED IN AFRICA

Word Received Private Mike Swiatkwich, Jackson Avenue, Loses Life In U. S. Service

PVT. MIKE SWIATKWICH

Mr. and Mrs. Adam Swiatkwich of 1407 Jackson avenue have received word from Washington, D.C., that their son, Private Mike Swiatkwich, aged 22, was killed when ambushed by the enemy while he was guiding his company along a dark road the night of November 9, 1942, in Northwest Africa.

The body, which has been interred in North Africa, is to be returned to this country after the war.

Private Swiatkwich, born in New Castle on September 19, 1920, attended school in New Castle. At the time of his induction into the army on January 29, 1942, he was employed at the tin mill.

Survivors are his parents: two brothers, both in service, Charles in Iceland, Ted, at Camp Claiborne, La., and four sisters, Jennie, Wanda and Helen, at home, and Mrs. Mary Ritenour, of New Castle.

Bombing Raids By Allied Fliers Are Widespread

German Submarine Base At Lorient Again Given Battering

DAYLIGHT RAIDS RESUMED TODAY

By CHARLES A. SMITH
(U. S. Staff Correspondent)

LONDON, Feb. 17.—Widespread raids were carried out by the RAF during the night in a series of bombing and machine-gun attacks on targets in northwest Germany, Belgium and France, the air ministry announced today.

The German submarine base at Lorient was the object of a concentrated bombing attack.

Two bombers were missing from the attack on Lorient.

Axis controlled radio stations throughout Europe went off the air just before midnight, indicating the sweep of the attacks.

Daylight raids were resumed early this morning. Observers on the southeast English coast reported intense activity as formations of fighters and bombers cross the channel towards France.

The first squadrons roared over the coast at 6 o'clock and the flights continued in a steady stream throughout the morning.

The Copenhagen and Kalundberg radio stations in Denmark and the huge Deutschland radio station in Berlin went off the air at 11 p. m. In France, the transmitters at Paris, and Calais shut down.

Smash St. Nazaire
The RAF began its night offensive only a few hours after flying fortresses and Liberator bombers of the United States Eighth Air force had returned to their base after smashing St. Nazaire, France, in the heaviest daylight bombardment of that Axis submarine base.

Nazi raiding planes were active over England during the night. For the first time this year several German planes appeared over the coastal area of South Wales. Bright moonlight aided the Germans in bombing and machine-gunning the coastal region.

The German radio identified the point attacked in South Wales as the resort town of Swansea.

FIRE DEMOLISHES SCHOOL BUILDING NEAR PITTSBURGH

PITTSBURGH, Feb. 17.—Two hundred and fifty school children in South Huntington township, Westmoreland county, went on an unexcused holiday today as fire destroyed the two-story school building in less than an hour.

Loss was estimated at \$285,000 by Cecil Welty, president of the township school board.

Only tottering brick walls remained after volunteer firemen managed to extinguish the blaze. Nothing was saved from the structure, termed the most disastrous fire in the tiny community of Yukon in many years.

'LIEUTENANT HALL' OF RICKENBACKER RESCUE

McKees Rocks Doctor

(International News Service)
PITTSBURGH, Feb. 17.—The navy lifted its cloak of censorship today to permit a young McKees Rocks doctor to disclose that he was the physician who saved the life of at least one member of the Captain Eddie Rickenbacker's party when his plane was forced down in the southwest Pacific several months ago.

Lieut. (J. G.) William J. Hall, 30, told his father in a letter that the doctor had agreed at last to allow him to mention the "Rickenbacker incident," saying:

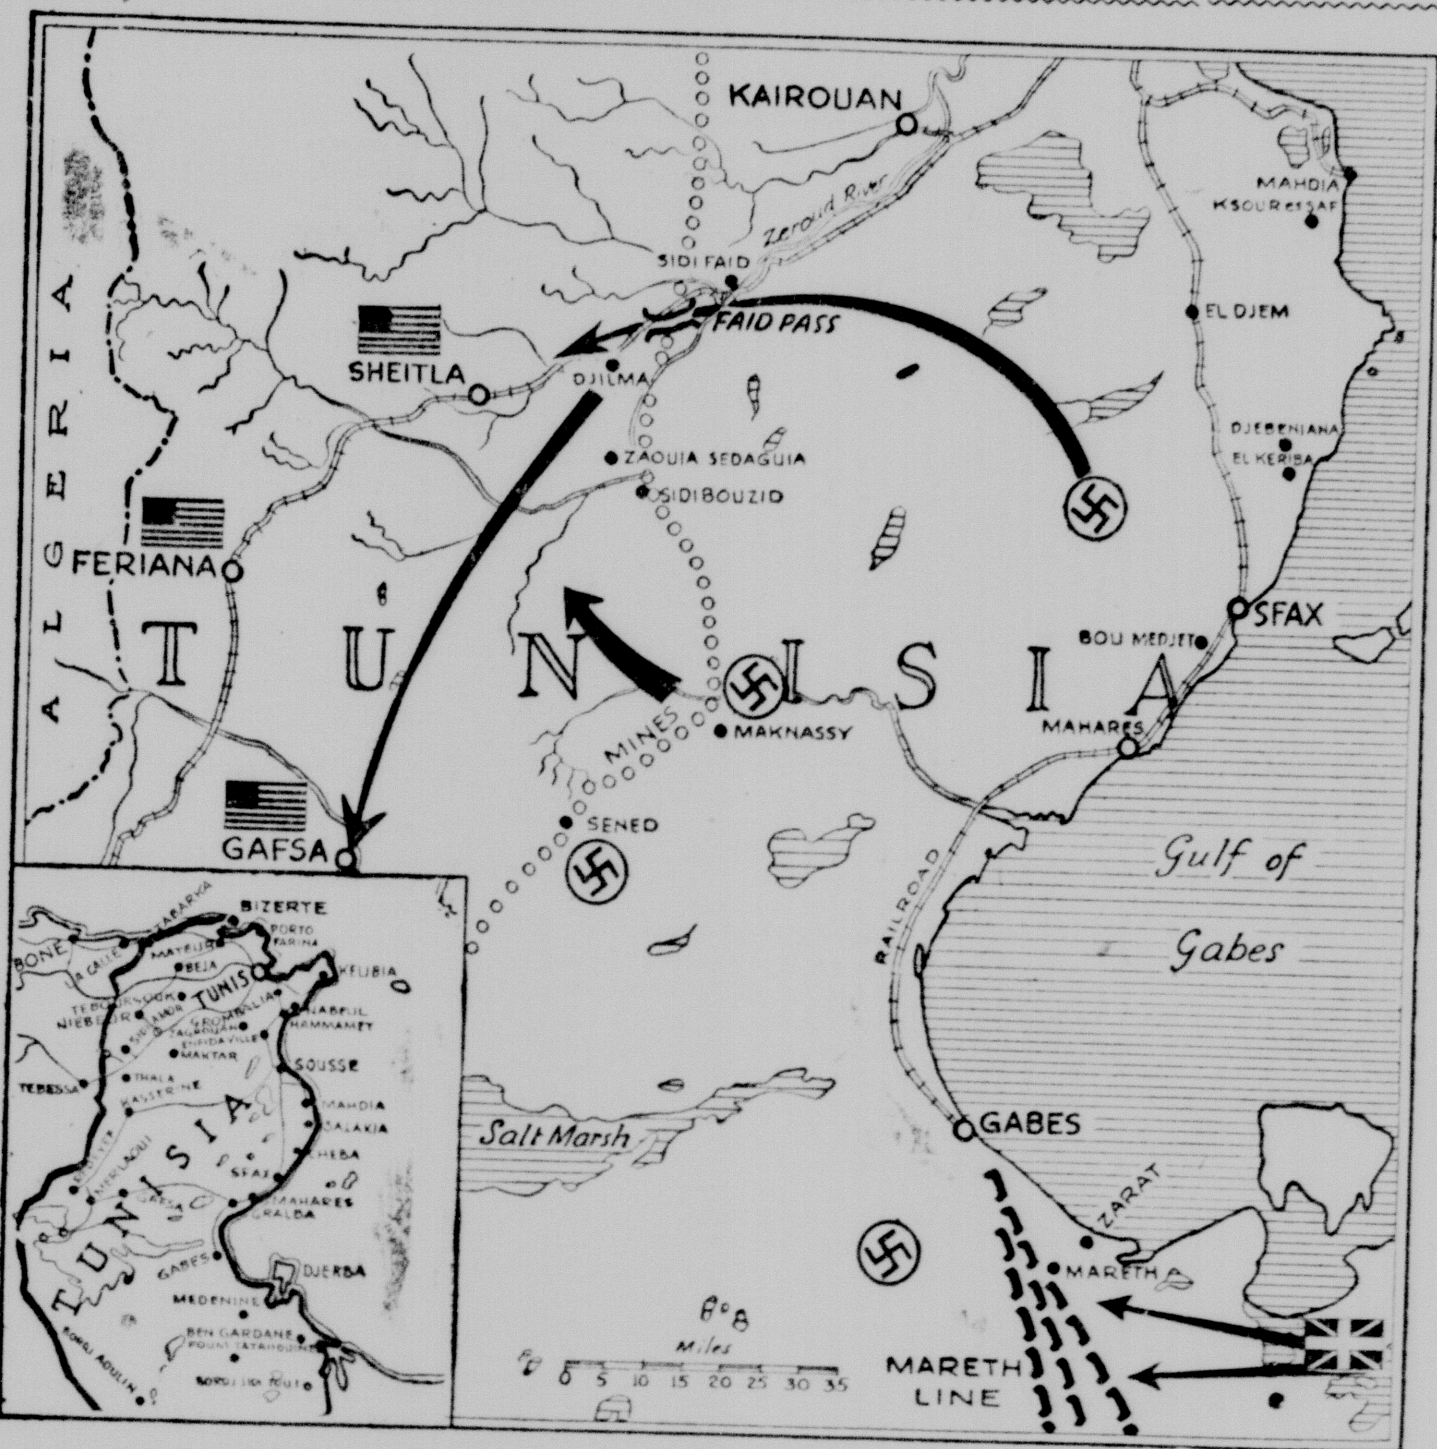

"I was the medical officer the papers referred to as Lieut. Hall who was flown to a lonely island to give medical attention to three of the survivors who were cast ashore. It was an interesting experience."

GANDHI FINISHES WEEK OF HIS FAST

(International News Service)
NEW DELHI, India, Feb. 17.—The condition of Mahandas K. Gandhi, aged Indian political leader, was reported improved today as he finished the first week of a 21-day fast to force his release from detention by British officials at Poona.

Gandhi's general condition continues to cause anxiety, however.

Americans Stand Against Afrika Korps Attack

Inexperienced American troops are taking the brunt of an assault by Field Marshal Erwin Rommel's veteran Afrika Korps, which has struck westward through the Faid pass in Tunisia, as shown in the map above. Small enemy units succeeded in pushing forward to the Allied base at Gafsa. American armored forces, artillery and infantry fought the attack.

Legion Aims Are Outlined

Department Commander Dan C. Hartbauer Gives Three Principles Of War Program

WINNING WAR AND PEACE COME FIRST

Department Commander Dan C. Hartbauer, of Pittsburgh, addressed members of the Legion and their guests from the surrounding district at a meeting in the Legion Home Tuesday evening, when he outlined the principles of the American Legion during the war period, namely to win the war, win the peace and then restore to this nation the great promise on which this country was founded, a government by the people, of the people and for the people.

Commander Hartbauer was introduced by District Commander William L. Mitch, of New Brighton, who had been presented to the post by Commander Fred C. Duff. Other guests present who were introduced by Mitch were District Deputy Commander Ralph Little, of Ellwood City; past Western Vice Commander Guy J. Wadlinger, of this city; past District Commander James Collins, of Cabot, Pa., and Department Sergeant-at-Arms Alex Viganio, of Pittsburgh. There was a large delegation of members of the Wood City, headed by Commander Dan Evans, also present. Other guests included past Commander (Continued On Page Two)

Japanese Fleet May Be Planning Attack

By JOSEPH A. BORS
(International News Service)

WASHINGTON, Feb. 17.—Despite stupendous losses through a long series of defeats in sea-air battles, Japan today is known to have a powerful fleet which is believed to be massing around the main enemy base of Truk in the mid-Pacific for fresh clashes with American forces.

This fact was disclosed by the navy in a communique covering recent task force battles in the south Pacific which culminated in the crushing of all Japanese resistance on Guadalcanal. Significantly, the navy said:

"During the latter part of January, U. S. reconnaissance planes located heavy Japanese fleet units, including battleships and carriers, in the waters between Truk and the Solomon Islands."

Massing Armada
Subsequent developments revealed that these important units did not so into action against America's south Pacific fleet and air forces, indicating that the enemy high (Continued On Page Two)

Heavy Armored Unit Attacks Are Made On Yanks

American Forces Fall Back To Sbeitla In Southern Tunisia, It Is Admitted

GERMANS HAVE GAINED 35 MILES

"Very Heavy Casualties" Are Reported Suffered In Tank And Plane Battles

By ROBERT G. NIXON
(U. S. Staff Correspondent)

ALLIED HEADQUARTERS, In North Africa, Feb. 17.—

In the face of extremely heavy Axis tank attacks, American armored forces in south central Tunisia fell back today from Sidi Bou Zed to the outskirts of Sbeitla.

Fighting continued on the fringes of that base, with the possibility American forces may be compelled to give up the whole valley in the Sbeitla-Kasserine-Fariana area and retire westward to the hills protecting Tebessa.

Rommel has now thrown his armored strength into the southern Tunisia attack, including the tenth panzer division.

Heavy Casualties

The American armored force opposing him has suffered very heavy casualties in men and material. Enemy losses are not known at the present.

American retreatment from strategic Sidi Bou Zed was made necessary when a German column struck from the south and behind American armored forces.

Part of this United States armored unit is now attempting to fight its way out.

The Germans now have advanced 35 miles since Rommel launched his surprise attack Sunday and have more than compensated for the six miles gained by American troops in counter-drives.

One of Rommel's columns which entered Gafsa moved swiftly northward toward Faid Pass.

THREE STATE AIR RAID TEST MADE

(International News Service)
HARRISBURG, Feb. 17.—The eastern defense command and the First Army today inaugurated their new unified air raid regulations with an initial test which covered Pennsylvania, Maryland and Virginia. It was the first daylight drill of the year for Pennsylvania.

The first "blue" signal, warning that planes were approaching, sounded at 10:50 a. m., followed by minutes later by the "red" signal, which in the event of an actual raid would have signified that enemy planes were overhead. The "blue" signal went on again five minutes later, an indication that the planes had passed, and at 11:15 o'clock the all-clear or "white" signal was given by air raid wardens and radio stations.

Nearly 600,000 members of the Civilian Defense Corps in Pennsylvania, headed by Dr. Ralph C. Hutcheson, new executive director of the State Defense Council, endorsed the new rules in the 25-minute test.

Arthur Mometer

There were no bombs when the whistles blew, no Stukas screaming their cry, no buildings burning, no maimed, no dead, when the all clear signal went by. No homes ablaze from the flaming bombs, no children crying their woe, no walls collapsed and the stuff inside, swarmed on the winter snow. But there might have been and there could just be, that's why we have practice raids, the warden out with their arm bands on, and the wrecking crews with their shovels. It's the pains we take when there are no bombs, that spares us the bombed ones' rate, in practice lies safety for you and me, and the weather is twenty-eight.

British Eighth Army Advances

Moves Westward Toward "Little Maginot" Line In Tunisia

NEARING MEDENINE INSIDE TUNISIA

(Continued From Page One)

CAIRO, Feb. 17.—The British Eighth army today advanced swiftly through Tunisia in the direction of Axis-held Medenine, along the "Little Maginot" line, the British Middle East high command announced.

Medenine, 65 miles inside Tunisia from Tripolitania, is 45 miles west of captured Ben Gardane, on the coast.

"Our troops in the northern sector continued their progress toward Medenine," a headquarters communiqué said.

"Patrol operations continued in other sectors."

Allied fighter-bomber aircraft at the same time smashed at enemy positions west of Ben Gardane, although the air activity was not on an extremely large scale.

An enemy tanker was left ablaze after torpedo bombers attacked the vessel Monday night in the Sicilian narrows.

Low-flying attacks also were carried out against railway targets in southern Italy and Sicily.

than anyone else how to run the war and conquer the world. The Red armies are now deflating his ego mile by mile.

As dispatches from Kharkov show, the Nazis threw in their crack troops to hold the city. The Nazi Elite Guards and the regiment "Grossdeutschland," both the flower of the German army, clashed in a bitter battle with the victorious Red troops within the city itself and were beaten so badly that they had to beat a hasty retreat. The Soviets claim the capture of thousands of prisoners and much material.

This must have hurt the pride of Hitler. He had a standing boast that both those regiments, once they entered a conquered city, would never again leave it. They symbolized the German army, along with the specially embroidered swastika flying from their standards. At Kharkov, therefore, it was demonstrated that even Hitler's pet military goose-steppers, equipped with their very best, cannot stand up in the face of the Soviet onslaught.

To escape the nerve-strain of war, first reconcile yourself to the idea of having nothing till it is over.

were exacted when the Red army's mechanized columns closed in on Kharkov, the noon communiqué said. Vast quantities of military equipment also were seized or destroyed.

"The number of stores and transport vehicles taken now is being counted," it was said.

Battle For Orel

North of Kursk in the drive against Orel, which dominates highways and rail lines leading to the Nazi base at Bryansk to the west and Moscow, the Red army engaged the Germans in several offensive battles.

A series of inhabited localities were seized when the Russian troops smashed the Nazi resistance in one area. The Soviets continued to advance after inflicting severe losses on the enemy the high command said.

Stubborn resistance was offered by Nazi units protecting retreating forces in the lower Donets Basin it was said.

Southwest of Voroshilovgrad, the communiqué said, the Soviet offensive continued successfully despite German opposition.

"One inhabited locality after another is being liberated and the enemy is sustaining heavy losses," the communiqué said.

In the Krasnodon area the Germans were said to be trying to stem the Soviet advance at all costs.

"But counter-attacks are being repelled and heavy losses in men and material inflicted on the enemy," the communiqué added.

command was massing another armada for a purpose still undisclosed.

According to some naval sources, the Japanese may have abandoned their plans to retake Guadalcanal but they may "save face" by attempting to seize some poorly-defended American island along the long supply route between the United States and Australia.

The increase in American air striking power was demonstrated in 10 days of action around the Solomon between Jan. 29 and Feb. 7 when 17 enemy ships were sunk or damaged while the United States lost the cruiser Chicago and a destroyer.

In these actions two Jap destroyers were sunk and four probably sunk and eight destroyers, one Corvette and two cargo ships damaged.

OHIO GOVERNOR SIGNS TIME BILL

Legislation Takes Ohio Off Eastern War Time On Sunday, February 21

(Continued From Page One)

COLUMBUS, O., Feb. 17.—Gov. John W. Bricker today signed the controversial bill taking Ohio off Eastern War Time at 2 a. m., next Sunday, February 21.

The clocks will be turned back one hour in areas which conform, but Cleveland and many of the larger cities with war industries indicated they would remain on war time.

"Some of the good that will come to agricultural districts from this bill will be nullified by the cities going along," said Bricker.

After passage of the time change bill, he was deluged with wires and letters urging its veto. This, Bricker declined to do because of the overwhelming majority by which the legislature passed it.

Rumor Japs Planning Surprise Move Soon

Chungking Reports Hint New Jap Offensive Against India Or China Shortly

By JOHN W. JARRELL

CHUNGKING, Feb. 17.—Rumors persisted in Chungking today that the Japanese are planning a surprise move.

These reports indicate that the Japanese plan to act before the start of the seasonal monsoon which begins at the end of April or early in May.

The Japs, it is understood, believe they have a breathing spell according to their interpretation of the nine-month campaign plan devised by allied leaders at Casablanca and intend to use this time for a new offensive directed against either India or China.

I was pointed out that the Japanese still are afraid of another attack from the air on Tokyo and may drive westward through China in the hope of clearing out possible airfields which may menace the Japanese Islands and also ward off the danger of an allied offensive.

The China Times says that of three possible targets—India, Siberia, and China—"Japan certainly would choose China as the first objective."

The Japs are reported eyeing the rugged Salween River country where they and Chinese forces in Yunnan Province face one another across the swift, deep green stream.

In that area the Japs are using three Thai divisions commanded by Japanese officers. The Chinese themselves have an ally dangerous to the Japs in the Aborigine Lahu tribe, most of whom are pro-Chinese and ready to aid the cause of China with poison arrows and other weapons stemming from the stone-age.

It is known also that the Japs will give careful thought to anything they try because of the fearful respect they have for Brig. Gen. Claire Chennault's air forces. His planes, decorated to resemble sharks, have scored better than a 12 to one average in combat against the Japs.

HEAVY ARMORED UNIT ATTACKS ARE MADE ON YANKS

(Continued From Page One)

Army, however, have crossed the frontier into Tunisia, threatening Rommel from the rear and raising the possibility of outflanking him and cutting off his mechanized forces. It is believed the British Eighth Army threat, if in heavy strength, will force thrust toward Tebessa to Souk-Ahras, thus attempting to isolate the entire Allied strength in the northern valleys from Guardina through Souk El Alba to Medjer-El-Bab.

The American line in the south has been too thinly held from the outset, with scattered elements exposed in flat plain country where there are no natural topographical defenses to aid them.

The situation at the moment has the aspect in miniature of the German break-through at Sedan and the ensuing wide thrust toward Abbeville and the sea in the flanders campaign of May, 1940.

Large-Scale Movements

Large-scale enemy movements have been observed in the Kairouan area. Whether this may mean an attack from the north is being prepared by the Germans or whether there are merely reinforcements is not known.

It is certain, however, that Rommel has thrown great strength into his southern and western sweep.

Throughout the day yesterday, the American Air Force carried out large-scale sweeps over the battlefield, bombing and strafing the advancing German columns. Light Douglas bombers, Spitfires and Airacobras shot up enemy vehicles, tanks and troop concentrations and gun positions in the Sidi Bou Zed area, silencing six heavy gun emplacements.

Northwest of Gafsa, now in Axis hands, Douglas bombers and Airacobras plastered four heavy gun positions and a large concentration of trucks, tanks and troops.

Only ten enemy planes were sighted during the day. One American plane is missing.

British Bixley bombers attacked an enemy transport column near Kairouan, their bombs straddling the column and undoubtedly causing many casualties.

LEGION AIMS ARE OUTLINED

(Continued From Page One)

W. Walter Braham, Councilman James Gibson and D. O. Davies, and County Commissioner Joseph Travers.

In addition to the three great war aims, Commander Hartbauer stated that the Legion was still carrying on with its other work which has occupied it down through the years, namely, caring for the disabled, rehabilitation, child welfare, Americanism and national defense.

Praises Local Work

He praised the work being done in the local district in aircraft warning service, which he stated was one of the greatest services the Legion has been doing for the United States Army in Pennsylvania, and which has won high commendation of Army officials for its efficiency.

He praised the loyalty of local civilian volunteers who are aiding the Legion in this work, and stated that the local district with its great industrial territory has been definitely marked for a raid by Axis bombers before the war ends, if they are able to break through our seacoast line of defense.

During the afternoon Commander Hartbauer, with District Chief Observer, Fred M. Alexander, Assistant Chief A. Lewis Conn and other officials, visited several of the posts in the district, and the commander pronounced them among the finest in the entire state. District Commander Mitsch also added words of praise to those of Commander Hartbauer.

In concluding his address Commander Hartbauer pointed out the fact that the United States is rolling along in high gear and is building the most powerful army, navy and air corps that has ever been seen and which will reach its full striking power during the coming year. He pointed out that this great armed force needs the united support of every man, woman and child in this country to attain its goal. He warned that tremendous sacrifices will have to be made.

Prior to the meeting the visiting guests were entertained at a dinner in The Castleton.

Jersey Wardens To Carry Radios For All-Clear Signal

(Continued From Page One)

WILDWOOD N. J., Feb. 18.—New Jersey air raid wardens today planned to equip themselves with portable radios so they can tell when to sound their whistles for the all-clear in a state-wide test tonight.

The Wildwood defense council appealed to state director Leonard Dreyfus to revert to the former sounding of the all-clear with sirens.

That Extra Something!

...You can spot it every time

Andre Kostelanetz, in "The Pause That Refreshes On The Air", broadcast every Sunday afternoon for Coca-Cola, brings you music with distinction. His listening audience is counted in millions. It's the extra touch Andre Kostelanetz gives to music that gives this program a character all its own. Coca-Cola, too, won distinction by giving folks something extra in refreshment.

Raise a frosty bottle of Coca-Cola to your lips. Where else than in Coca-Cola itself will you find this unique taste? It more than quenches thirst. It adds refreshment... refreshment that goes into energy.

Fifty-seven years of experience and skill, with choicest ingredients—create a quality in Coca-Cola that never loses the freshness of its appeal.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time.

Intermission for musicians means a trek to the Coca-Cola cooler. These artists look to the pause that refreshes for quick energy, complete relaxation. Ask your musician friend what drink he prefers!

The best is always the better buy!

Wickard To Ask Army For Troops To Aid Harvest

Manpower, Machinery Survey Now Being Made On Nation's Farms

By HORACE M. COATS (U. S. Staff Correspondent)

WASHINGTON, Feb. 17.—Secretary of Agriculture Wickard said today that he will again ask the army to send troops into the harvest fields next summer and fall to relieve the farm labor shortage and assure the United Nations of ample food.

He said the number of men required would be determined by a manpower and machinery survey now being made on the nation's 6,000,000 farms.

As the secretary disclosed his intention to get aid for hard pressed farmers, his plan met some objection from Sen. Bushfield (R) S. D., who said:

"The farmers need help now. By the end of the month they will be planting wheat up in my country. At present rate of induction into the army they will not be able to meet their labor requirements."

Judge Delivers Lincoln Address

Judge W. Walter Braham Discusses Lincoln As The Politician

In one of the finest addresses yet heard on Lincoln, President Judge W. Walter Braham, discussed the famous Civil War president from the angle of the politician, at the weekly noon luncheon of the Lions Club, Tuesday noon, in The Castle-ton.

Judge Braham out the fact that Lincoln was beset by many evils during his administration, his cabinet being honeycombed with strong political leaders, all of whom felt they should have been president instead of Lincoln, yet he proved himself more than a master for these men.

He even overcame the dark days of 1863 when reverse after reverse brought the suggestion that he should resign in favor of the vice president. Only for the fact that the people were for him prevented his defeat in this crucial election.

He told of how Lincoln treated his political enemies without malice, and appointed several to key posts though they were at odds with him, emerging ever stronger in the political field. He told how Secretary of war Simon Cameron kept him in hot water through political feuds, but that Lincoln stood back of him, and weathered the storm of corruption with which the administration was charged.

Frances Sowersby was admitted to the club as a new member at Tuesday's meeting, and John Elliott, of Butler, former local resident and Lion member, was a guest.

Pep... Vitality...
better LOOKS!

1—Promote the flow of vital digestive juices in the stomach

2—Energize your body with RICH, RED BLOOD!

Frequently the stomach becomes sluggish in pouring out its digestive juices to make use of the food eaten... likewise, wear and strain of worry, overwork, colds, or other illness often reduces one's blood strength.

At such times Nature needs extra help to restore its proper functions and balance. Undigested food places a tax on the system... insufficient blood strength is a detriment to good health.

Now you may overcome the discomforts or embarrassment of digestive complaints, sour stomach, bloating, indigestion, loss of appetite, poor complexion, jerky nerves, weakness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need as it is especially designed to promote the flow of vital digestive juices in the stomach and to build-up blood strength when deficient.

These two important results enable you to enjoy the food you eat... to make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

Build Sturdy Health so that the Doctors may better serve our Fighting Forces

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 16 and 20 oz. sizes. U.S.S. Co.

Jap Airdrome In Burma Bombed

(International News Service)

BRITISH HEADQUARTERS, New Delhi, India, Feb. 17.—American Liberator bombers, manned by RAF crews, smashed the Japanese airdrome at Magwe, Burma, in a night attack, an official communique reported today.

Numerous bombs were observed in the target area from heavy bombs including 1,000-pounders.

The question is not whether sports help morale, but whether the players do more good than they could do in a war factory.

Studebaker tells how to keep your car healthy on a rationed diet

GET UP-TO-THE-MINUTE INFORMATION FREE

STUDEBAKER dealers have received new service instructions direct from the factory that enable them to help you get the best possible performance out of your car under mileage rationing.

It's essential to the nation's war effort that cars themselves be conserved as well as the tires they roll on and this means regular maintenance and lubrication as well as painstaking inspection service.

Studebaker dealers will gladly advise you on what to do to keep your car from wearing out before its time and to prevent it from performing unevenly. And you place yourself under no obligation by consulting any Studebaker dealer on your driving problems.

Except for specified charges on government required inspections, there is no charge made for checking over your car unless disassembly or mechanical work is required. And your nearby Studebaker dealer's expert mechanics will handle any service operation you entrust to them promptly, efficiently and at moderate cost.

YOU MAY BE ELIGIBLE FOR A BRAND NEW STUDEBAKER

Thousands of people are eligible to apply for new Studebaker Champions, Commanders and Presidents that were built before car manufacturing stopped. There are 14 specified reasons why you may be entitled to obtain a new Studebaker. And your Studebaker dealer will gladly give you every possible help with your application. The Studebaker Champion is America's lowest priced Six—and it's also lower in price than any Eight.

How often should your battery be tested? At least twice monthly—and it should always be kept charged. A battery which is allowed to run down too low is very hard to bring back, freezes easily.

Former Husband Of Lana Turner Leaves Hollywood Hospital

Stephen Crane Recovers From Overdose Of Sleeping Pills, "Nervous Breakdown"

(International News Service)
HOLLYWOOD, Feb. 17.—Recovering from the physical aftermath of a "blondie" film, Stephen Crane, wealthy young tobacco broker and former husband of actress Lana Turner, was discharged from a Hollywood hospital today after taking an overdose of sleeping tablets and running his automobile over a cliff.

Termining his condition a "nervous breakdown," Crane would neither confirm or deny stories that he had attempted suicide because Miss Turner—original "Sweater Girl" of the screen—had refused to remarry him.

The actress obtained a court annulment of their marriage 13 days ago, charging that Crane had married her after a whirlwind romance before he finally had divorced Carol Kertis Crane, Indianapolis socialite.

Expecting a child by Crane in June, Miss Turner obtained court legitimacy of their baby. At the time she said she was "not sure" whether she would consider remarrying Crane.

Miss Turner, meanwhile, was said to be in a hysterical state. Distracted over the events, she refused to answer telephone calls or incessant knocking at the door of her home. Friends said she had been in ill health for several weeks, "suffering from a nervous condition."

Left-Handed Peace Bid Made In Italy

Gayda Makes Open Appeal For Peace With Britain And U. S., Not Russia

(International News Service)
STOCKHOLM, Feb. 17.—A left-handed bid for peace with America and Britain as being fostered by Virginio Gayda, prominent Italian publicist, the newspaper Tidningen's Rome correspondent reported today.

Gayda's first open appeal for a compromise peace with the United States and Britain was made editorially yesterday, it was said. Russia was not included in the peace bid since in true Axis style the supposed threat of Bolshevism was pointed up by Gayda.

"Italy must resist," he said, "until the moment England realizes her debt to America is growing over larger, that her world markets are being destroyed and the risk of communism becomes overwhelming if peace is not made rapidly."

"We could then consider a compromise peace with Britain and America, but never with the Soviets."

Red Cross Nurses Aides Pass Goal In Serving Hospitals

New Castle Soaring Ahead In Nurses' Aide Work For Red Cross War Program

Local Chapter of American Red Cross, is meeting with good success in their Nurses Aides project.

Already, Miss Margaret O'Connell of South Walnut street has served 158 hours in the hospital doing practical duty, and Mrs. Frances Colao, of South Mercer street, has to her credit, 173 hours, which entitles them to their first service stripe.

Aides having completed their required eighty hours of study, are given further recognition, when the first 150 hours work in the hospital is completed, with the addition of a service stripe.

Mrs. Harry Barkby announces that by the end of this week, several others devoting their time to this worthy and commendable service, will also have passed their goal of 150 hours.

The next two classes entering Nurses Aides training at the local hospitals, will begin March 1. Other persons interested in giving time to this needed channel of service, must have their complete physical reports after enrolling at the Red Cross Chapter House, and be ready for their interview Thursday evening of this week, between 7 and 9 o'clock.

OPA Order To Put Ceiling On Hogs
(International News Service)

WASHINGTON, Feb. 17.—David Ginsberg, general counsel to the Office of Price Administration, today disclosed that the O.P.A. has prepared an order placing a ceiling on hog prices and it now awaits the approval of Secretary of Agriculture Wickard.

Ginsberg did not reveal the ceiling price recommended, but he did indicate that it would be below the \$15.75 price per hundredweight quoted on the Chicago market yesterday. He made his statements before the Patman Small Business committee.

Priorities Will Be Discussed At Meeting Thursday

As an aid to the industries affected by the old controlled materials plan and those converting from the old production requirements plan, a clinic will be held in the Castleton hotel, Thursday afternoon, February 18, from 2 to 4 by the priorities division of the war production board, according to an announcement today by Roger Jewett of the Greater New Castle Association.

An invitation is being extended to all industries in the Lawrence-Mercer County area in order that they may send representatives to familiarize themselves with the regulations.

R. V. Wiley, assistant deputy director of the priorities division of the War production board, Pittsburgh office and D. S. Doukin will be present and speak. An opportunity will be had to ask questions.

The meeting is a service of the priorities committee of the Citizens Service Corps of the Lawrence-Mercer County Council of Defense and the Greater New Castle Association.

Year Of Military Service Endorsed By Mrs. Roosevelt

(International News Service) WASHINGTON, Feb. 18.—Mrs. Franklin D. Roosevelt on Wednesday proposed a plan of military training for the boys and girls of the United States after the war.

She made this statement in endorsing the Wadsworth-Austin bill which would enforce at least a year of military training for the young men of the nation.

In stating that this plan should be extended to girls as well as boys, she said:

"I am in favor of a year of service for all young people—for girls and boys alike, basic military training included."

Your Federal Income Tax

NO. 39
BASIS OF GAIN OR LOSS (PART I)

In order to determine the gain or loss from the sale or exchange of property, it is necessary first to ascertain the basis of the property in the hands of the taxpayer. This basis, for income tax purposes, will depend on how the property was acquired, as by purchase, in payment for services rendered, by gift or transfer in trust, by request, devise, or inheritance, by exchange, or involuntary conversion, etc. It may also be affected by the time of acquisition, as well as by the amount of depreciation that has occurred and the amount of any improvements or betterments that have been added.

In determining the basis of property for income tax purposes, two terms are employed, the "basis" and the "adjusted basis." The basis may differ in accordance with the manner in which the property was acquired, as stated above, and from the basis of the date of acquisition. In the case of property acquired by purchase on or after March 1, 1913, for instance, the basis is the purchase price. In the case of real estate, the basis is adjusted by the amount of any expenditure, receipt, or other item chargeable to capital account during the time the property has been held. The basis, so adjusted, becomes the "adjusted basis." The difference between the adjusted basis and the selling price (or value received in exchange) becomes the measure of gain or loss.

In arriving at the "adjusted basis" for real estate the amount of depreciation to be deducted is the amount that is allowed or allowable whichever is greater, in each year during which the property has been held. In some years the taxpayer may have taken more or less depreciation than is allowable, and if he has taken more depreciation than is allowable, then the amount taken is the amount to be deducted in determining the basis. If he has taken less than the amount allowable, then the allowable amount is the amount that would be deducted. The depreciation so chargeable is reduced by the amount of additions and betterments charged against the depreciation reserve.

In the case of a residence owned and occupied by the taxpayer, no depreciation is allowable during such occupancy, since depreciation is considered in such case to be a personal expense of the taxpayer. The amount of additions and betterments made during the taxpayer's occupancy of the property as his residence may, however, be used to increase the value, or basis, at which the property is held in determining the amount of gain or loss.

In the case of property acquired before March 1, 1913, a different rule for determining the basis applies, depending upon whether a gain or loss is involved. The basis

Absenteeism To Be Probed

Congress Prepares To Investigate Situation In War Plants Of Nation

HINT PRODUCTION BADLY AFFECTED

(International News Service)
WASHINGTON, Feb. 17.—Acting after weeks of quiet preparation, a powerful congressional drive was launched today to end "absenteeism" in war plants.

To spearhead the movement, Rep. Landon Johnson (D. Tex.), an administration "Liberator" in the house, introduced a bill to require all naval contractors and sub-contractors to report unjustified absenteeism to draft boards quarterly.

At the same time, the house naval affairs committee of which Johnson is a member, put the finishing touches to a thoroughly documented report which will be made public later this week, showing that absenteeism cost the shipbuilding industry alone more than 16,700,000 man-hours in December—a loss of approximately 10 per cent.

In addition, it was learned that the Johnson bill will have the full support of the committee, headed by Chairman Vinson (D. Ga.), will be reported to the house shortly and, once on the floor, will be amended to cover all army contractors and sub-contractors.

As a prelude to the carefully-organized drive, a test of committee sentiment was taken yesterday when it unanimously adopted an identical proposal by Johnson limited solely to civilian personnel in navy yards and naval stations.

Special U. S. D. A. Aid To Farmers Available

"War Crop Advances" To Be Extended Through County Boards, Regional Credit Offices

(International News Service)
HARRISBURG, Feb. 17.—In order to encourage farmers to produce war crops and to insure them against loss, James E. Walker, chairman of the state war board of the U. S. department of agriculture, today announced that special financial aid will be made available.

The aid will be in the form of "special war crops advances" to be extended, in connection with the recently-announced credit program, through the U. S. D. A. county war boards and the regional agricultural credit corporation of the farm credit administration.

In these special advances, Walker explained, farmers making extra efforts to grow certain specified war crops and assuming the added risks of production in cases of crops which they ordinarily would not grow, will sign a special form of note which limits the borrower to repay only up to the value of the crops produced, provided certain requirements are met.

Cost Of Living Up 9.3 Percent In Year

(International News Service)
HARRISBURG, Feb. 17.—The cost of living rose 9.3 per cent in Pennsylvania during the first year of war, the department of labor and industry disclosed today.

Living costs went up 2.2 per cent, from September 15 to December 15 of last year, Secretary William H. Chesnut revealed.

Food, for which the consumer spends the largest part of his dollar, led the upward trend with an increase of five per cent, during the September-December period. Increases varied from 6.1 per cent, in Altoona to 4.2 per cent, in Harrisburg and Johnstown. Higher prices for fresh fruits and vegetables not controlled by the O. P. A. were held chiefly responsible for the rise.

JUSTICE MURPHY RESTS IN DALLAS HOSPITAL

(International News Service)
DALLAS, Tex., Feb. 17.—Associate Justice Frank Murphy, of the United States Supreme Court, had "a very restful night," it was stated today at a private hospital in Dallas to which he was removed after collapsing of "nervous exhaustion" while en route to Washington from San Francisco by plane.

The hospital said Justice Murphy "needs a few days of rest."

Continue Bombings In New Guinea Area

Allied Medium Bombers Blast Lae, Salamaua And Dilli Despite Weather

(International News Service)
UNITED NATIONS HEADQUARTERS IN AUSTRALIA, Feb. 17.—Allied air assaults continued to rain bombs on enemy bases in the New Guinea area, a communique from General Douglas MacArthur's headquarters reported today, despite thick weather and poor visibility.

Medium bombers blasted Lae and Salamaua, on New Guinea, and Dilli, on Portuguese Timor. In the New Guinea attacks there was no attempt at interception by Japanese fighter planes. Enemy

fighters did take the air at Dilli but were driven off. The attacks left the town in flames after it had been rocked by heavy explosions.

Two waves of bombers made the attacks and all returned safely to their bases.

The raiders at Lae and Salamaua, meeting no opposition, swept in at low levels and bombed and strafed the airfields and supply dumps with good results, the communique said.

A number of small vessels were destroyed in the harbor at Salamaua.

Minor clashes with enemy patrols were reported in the Wan-Mu district south of Salamaua. Seventeen Japanese were killed in the day's fighting.

CAPTAIN DIES OF GUNSHOT WOUND AT FORT BELVOIR

(International News Service)

FORT BELVOIR, Va., Feb. 17.—Capt. Lester C. Adkinson, of the Army Engineer Corps Reserve, was dead today of a gun shot wound received "in line of duty" at Fort Belvoir, the Army public relations office announced.

Fort authorities said an investigation is under way, and pending its completion no further details would be revealed.

MIDWAY COMMANDER WHO DIED, KNOWN HERE

Word of the death of Col. Harold Shannon, U. S. Marine Corps, who was commander of the Marines who defended Midway, brought a note of sadness to local people who knew him.

Col. Shannon was Officer Cecil Suhr's commanding officer when he served in the Marines in the Danish West Indies and was in charge of the Pittsburgh Recruiting office about fifteen years ago, having investigated the circumstances surrounding a murder here when he became acquainted with a number of local police officials.

Players May Settle Future Of Baseball

Must Decide Whether To Re-
main On Jobs Or Gamble
On Baseball

By JACK MAHON

(International News Service)
NEW YORK, Feb. 17.—The future of major league baseball must be decided by the "forgotten men" of the sport—the players—within the next two weeks.

While this question has attracted almost as much attention in the press as the second front debate, very little, if anything, has been heard from the guys who will play the game if it gets the green light from Washington.

Most club officials have hidden behind the judicial robes of Commissioner Kenesaw M. Landis, high lama of the sport. That doughy old gentleman has refused to go to Washington less the game be accused of begging favors.

Players Play Dumb

The players, as much in the dark as the general public, have wisely played dumb; but they can't play dumb anymore.

The deadline or the mailing of contracts by club owners has passed and players must now decide whether to remain on their farms or in their defense jobs or sign up and gamble on baseball as their 1943 occupation.

We couldn't get an official estimate on just how many players are engaged in the war effort, working on, or own farms. Those baseball men we spoke to said the amount might range from 40, to as high as 70 per cent of available players.

Settling for 50 per cent, it is difficult to see how the game could continue if most of these men decide to "stay put."

FAIR OR FOUL
By LAWTON CARVER
INS Sports Editor

NEW YORK, Feb. 7.—Announcement that count fleet is the shortest-priced winter book favorite in the history of the Kentucky Derby, brings to mind the sad fact (for those who try to pick their Derby winners weeks in advance) that they seldom come through. In the last quarter of a century not more than a half dozen lived up to earlier promise.

Two of the top sports questions of the moment are: Will there be baseball and, if so, will Joe DiMaggio be back with the Yankees? One day he definitely is going into the service and the next he definitely is coming back to New York, according to the reports. The latest from San Francisco is that he won't be back in baseball, but positively this time.

AA Loops O. K.

The latest authoritative snoop of the minor league baseball situation comes from Jack Sheehan, supervisor of the Chicago Cubs' farm system, who says that "no more than 10 leagues will start the season." He thinks the three class AA leagues—highest of the minors—all are a cinch to open on schedule.

These are the Pacific Coast, the American Association and the International and they probably will have been seasons as long as they last. Attendance in virtually all sports is up far beyond expectations.

In this respect, Madison Square Garden is getting the worst hockey and the least important fights in years, but is packing them in for those sports at every performance. As for basketball, some games are sold out a week in advance. Virtually all of them play to standing room. So do the fights, with Beau Jack Ray Robinson, Willie Pep and Fritz Zivie the current standouts.

Mr. Berry also draws attention to the fact that applicants may mail in their tire inspection records with renewal blanks for gasoline ration books. If this is done the books may be mailed back without necessitating a trip to the ration office in the Aiken school on Pearson street.

Barney Ross won't be able to attend the New York boxing writers' dinner, personally to receive the Eddie Neil plaque, but a pretty good fighter will sit in for the former champion who now is a Marine Corporal on Guadalcanal. Col. Harvey Miller, of the Marines, will accept honors in Ross' behalf. Miller was bantamweight champion of the Marines, the Army and the Navy in 1908, and also held feather and lightweight crowns.

SQUAD SMALL

CINCINNATI, O.—As the Cincinnati Reds' national defense list increases, the active roster decreases, so now the Reds find themselves with only 28 active players, one of the smallest squads in the majors.

New Tires Short; Recaps Stressed

Tire quotas are down so far that it is now impossible for all applicants to get new tires, according to J. Glenn Berry of the War Price and Rationing Board. Official tire inspection stations have been informed that in accordance with regulations, all tires must be recapped wherever possible.

All tires removed for replacement must be held for thirty days in order that they may be inspected by the district Office of Price Administration.

Mr. Berry also draws attention to the fact that applicants may mail in their tire inspection records with renewal blanks for gasoline ration books. If this is done the books may be mailed back without necessitating a trip to the ration office in the Aiken school on Pearson street.

CEILINGS PLANNED

(International News Service)
WASHINGTON, Feb. 17.—An OPA spokesman said today that new price ceilings are being considered for rayon hosiery which would establish the same prices for various types of hose in all stores throughout the country.

Price ceilings now are limited to the highest price charges by an individual store last March.

The spokesman said that the regulations would be similar to the fixed ceilings on nylon hosiery. There is nothing to reports, he said, that all brands would be "pooled."

Neighborhood House Report For January

Americanization Board Has Meeting Recently At Y. M. C. A. Building

Miss Mary Riffer, the president, had charge of the meeting of the Americanization board held last Saturday evening at the Y. M. C. A. when various committee reports were heard.

The following report was given for the Neighborhood House for January: calls made, 50; classes meeting through the month: sewing class, citizenship, Loyal Temperance Legion, Neighborhood House evangelism and the three home groups, Bible Study class, prayer group, boys' group of the Sabbath school at Y. M. C. A., and the Sabbath school.

Girls of the sewing class are making aprons and the boys are making scarfs. Four of the older girls are helpers in the class. Members of the citizenship class are working hard to prepare themselves for examinations at court. The four evangelism classes are filling their books and minds with Bible memory work and stories from tracts.

The prayer group and the Sabbath school lost a faithful member with the death of Vivian Jacobs, who had been attending Neighborhood House classes and the Sabbath school for some years.

The Loyal Temperance Legion attendance shows the interest of Legion members. Temperance facts in song and story are learned each day. Miss Lowery was a visitor at the club during the month.

The Bible Study club is receiving new members. Their song service, under the leadership of Miss June Austin or Miss Sylvia Jacobs, is greatly enjoyed. Jean Butler is teacher. The boys of the Sabbath school, from nine to 16, are having a fine time at the Y. M. C. A. each Saturday afternoon. The Sabbath school attendance, where Jay Allworth is superintendent, continues to be fairly good. Several members have started to learn the first chapter of Genesis. The first seven to complete the memory work will have part in a demonstration, "The Creation". Members of Vivian Jacobs class and teachers of the Sabbath school sent flowers at the time of her death.

The boys' class held its monthly social meeting with Rev. Sidney K. Ellis in charge of the Bible baseball game. There were 27 boys present.

One New Testament was given out during the month. The House has received material for scrap books from Miss Elizabeth Parker, the Junior Endeavor of the Highland U. P. church; patches and Sunday school papers from Mrs. Selma Renecker; cards from Mrs. Edward Rummel; cards and valentines from Miss Sarah Snyder; cards from Mrs. George McClelland, and a Bible and dictionary from Miss Mary Moorehead.

Black Market Buying Will End All Meat

Illegal Sale Of Meat Simply Uses Up Reserve Stocks Needed For Future

(International News Service)
PITTSBURGH, Feb. 1.—Patrons of black markets are only hastening the day of no meat at all, Loren L. Lewis, chief of the OPA legal staff in Pittsburgh, warned today as he urged public co-operation with the government's program.

Pointing out that the black market is undermining the orderly marketing of meat supplies, he said:

"When the citizen on the home front deals in the black market, he's hastening the day when he simply won't be able to get an ounce of meat for himself or his family."

"These black market operators are simply using up the reserve stocks of livestock that ought to be held against the needs of the nation next summer and next winter."

FERGUSON BROTHERS TO REPORT FOR DUTY

David and Donald Ferguson, sons of Dr. and Mrs. D. L. Ferguson, 411 East Sheridan avenue, both students at Muskingum college, New Concord, O., have received their orders to report for duty with the air corps next week. They are expected to arrive home tomorrow.

David is to report to Camp Benjamin Harrison, Ind., for the first six weeks, after which he will go to Miami, Fla., for flight training. Donald will report first to a camp in Louisiana.

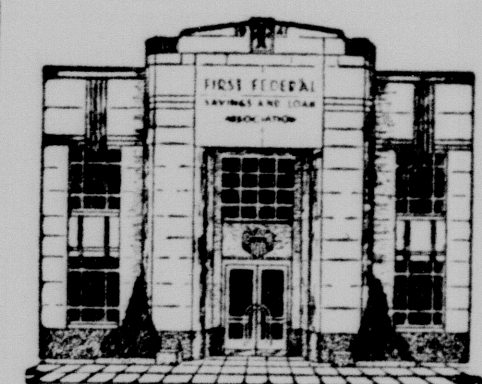

WAKE UP YOUR LIVER BILE —

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sick and the world looks pink.

It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effort in making bile flow freely. Ask for Carter's Little Liver Pills. 10¢ and 25¢.

BATTLE FIRES FOR TWO FROSTY NIGHTS

(International News Service)
PITTSBURGH, Feb. 1.—Firemen in Penn township, Verona and Oakmont, were resting today from their second straight night's work in near-zero temperatures. They were called out last night to extinguish a blaze which hit the Coated Products company plant in Penn township. Damage was not estimated. The previous night, the same firemen fought a tavern fire in the same vicinity.

No wonder Washington officials are that way. It does something to your ego when anything you have to say is worth a \$12.85 phone call.
